

# The New York Post

[DOC]

Weill Cornell Medicine  
Postdoctoral Affairs

The New York Post[doc] is produced by the Postdoctoral Association (PDA) to update Weill Cornell postdocs on resources, events, and announcements. If you have announcements, events, news, or a postdoc spotlight submission, please send them to [newsletter.weillcornell@gmail.com](mailto:newsletter.weillcornell@gmail.com)

## We all want you!

The PDA provides official committees to facilitate postdoc involvement without large time commitments. [Click here for details](#) & below to contact chairs.

### Advocacy Committee

Promote & discuss housing, benefits, & postdoc related issues.

### Career Development Committee

Organize workshops, networking events, & seminars focused on careers & soft skills.

### Outreach Committee

Organizes workshops, networking events, & seminars to help postdocs navigate career decisions from early-stage to transition

### Social Committee

Organize mixers & annual events like bowling night, BBQs, Holiday Parties & more.

### Mental Health & Wellbeing Committee

Promote & discuss mental health & wellbeing in the postdoc community.

### Anti-Discrimination Committee

Advocate, educate & implement a safe space to fight system discrimination in our institution & hold each other & ourselves accountable for any discriminatory words, behaviors and policies.

**We want you for Committee Chair** - The PDA is currently looking for committee chairs to lead the Career Development committee and the outreach committee. If you are interested in this great opportunity to get involved and a rewarding experience contact **Marie** and check out the [committee descriptions](#).

## Postdoc Feature

In an effort to promote the research and lives of our impressive colleagues, the PDA is releasing a series of "postdoc features".

**Watch out for the next feature coming out soon!**  
**And check out the postdoc features website!**

If you would like to be featured or know somebody who should, please use this [form to sign-up](#) or to suggest the name of a colleague that you would like to see featured. Features will take the form of informal interviews and brief video abstracts of recent research (interviewee's choice!)
